

## Colossians 1:15-23 - "Lord of Creations"

### Notes

#### **For reflection:**

Who are what are you tempted to place at the "center" of the world?

What makes you doubt that you can go into God's presence?

How does God's reconciliation extending to everything, not just your own salvation, challenge or confirm your understanding of how God has called you?

#### **For further study:**

Read Ephesians. Ephesians and Colossians are very similar, and it will help you to understand what Paul is getting at in Colossians.

Read Isaiah 40-66 and note how images of new creation permeate Isaiah's vision of the restoration (reconciliation) of God's people.

Read Revelation 21 to see the final consummation of the new creation started in Jesus.
